

## **EGS International Ltd are recruiting EXPERIENCED GEOPHYSICISTS**

**Location:** Bordon, Hampshire

**Position:** Full time, Permanent

**Salary:** Dependant on experience

### **Description**

EGS International Ltd is part of leading international group of companies with offices in Europe, the Americas, Asia and Australia. EGS provide global specialist multi-disciplinary marine survey support, and deliver solutions to the Renewable, Oil and Gas, Telecommunications, Power, Mining and Offshore Construction industries.

Due to an increased workload we are looking for experienced geophysicists to join our expanding geoscience team in Bordon, Hampshire (United Kingdom). The role has both offshore and onshore elements which will allow successful candidates to be part of a variety of different projects, from tendering to the product delivery stage.

Offshore you will be part of a hard-working and dedicated team working on complex projects in global locations. You will be acquiring with high quality geophysical data on a variety of vessels in challenging marine environments. Onshore you will form part of multidisciplinary team delivering our client focused products using industry leading techniques while contributing to the innovation and improvement of processing workflows within the department.

### **Requirements**

- Minimum 3 years of experience in a similar position and a university degree in a Geophysics or related subject.
- Experience in offshore windfarm and cable route surveys.
- Experience in marine geophysical surveying with a thorough understanding of geophysical techniques and demonstrable experience in acquiring, processing and interpreting geophysical data.
- Experience in Kingdom, SonarWiz, Oasis Montaj, RadexPro (or equivalent) and GIS packages is preferred.
- Party Chief experience is advantageous.
- Site work rotations can be as short as a few days but also up to 6 weeks, therefore the ability to work away from home for long periods is essential.
- Self-motivated, with the ability to work well under pressure in a team environment.
- Eligible to work in the UK and possess a full UK driving licence.

You must live or be willing to relocate to a commutable distance of the EGS office in Bordon, Hampshire.

Joining the EGS team will allow you to expand your skills and knowledge within the marine survey industry and provide you with excellent opportunities to actively develop your career through mentoring and professional training. EGS offer you a competitive salary, including company pension and the opportunity to join a professional body such as the Geological Society.

To apply for this position please send your CV and covering letter to: The HR Manager, EGS International Ltd, Unit 27 Woolmer Way, Bordon, Hants GU35 9QE or email: [humanresources@egssurvey.co.uk](mailto:humanresources@egssurvey.co.uk)
